

# MOM IS HAVING A NEW BABY SOCIAL STORY

My Mom is going to have a new baby.  
The baby is growing in her tummy.

When a baby is growing in my Mom's tummy it  
means my Mom is **pregnant**.  
She will be pregnant for  months.

My Mom's tummy will get bigger as the baby grows inside of her.

Before the baby is born my Mom will go to the Doctor for check-ups. This is normal and my mom **will come home again** each time.

My Mom will have all the things the baby needs ready before he/she is born.

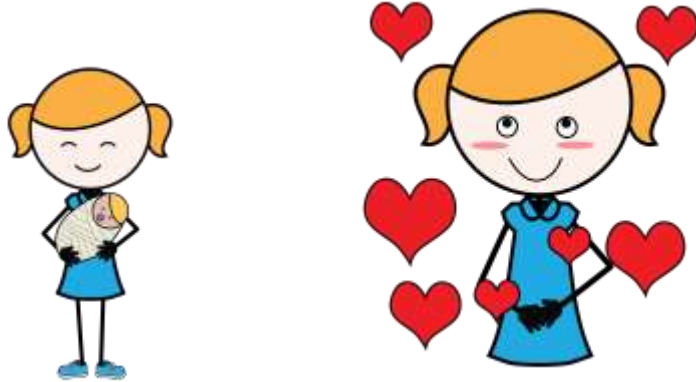

When the baby is ready to be born my Mom will go to the Hospital to have the baby. The Doctor will help the baby to be born.

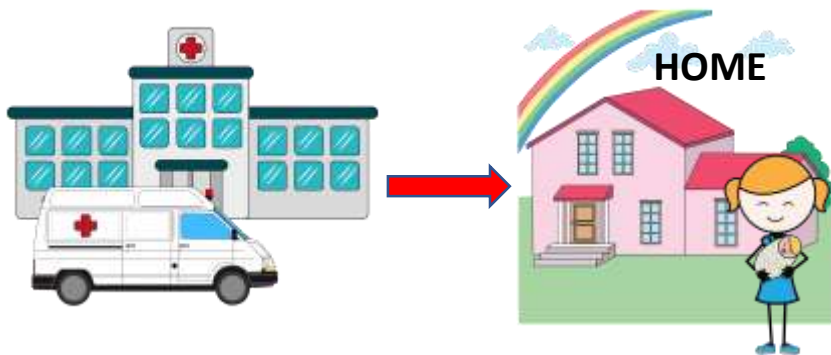

Congratulations!!!

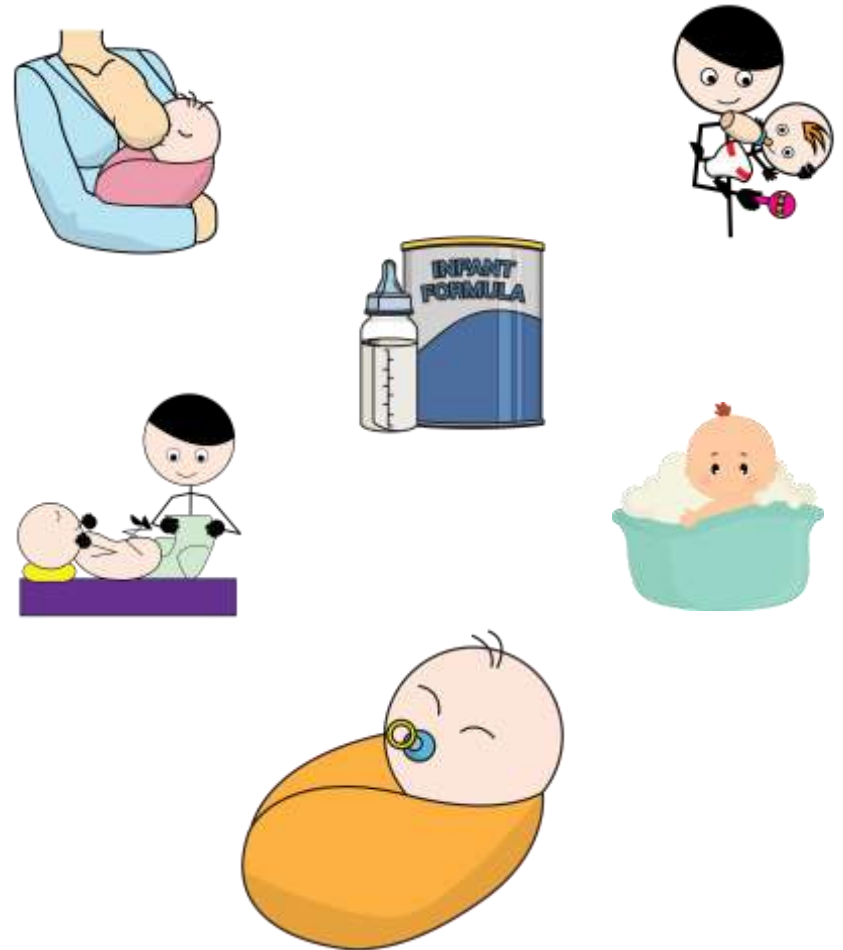

My Mom will be very happy to have the new baby but she will **still love me** just as much as before.

When Mom is ready she **will come home** from the hospital with the new baby.

It will be a busy time when the new baby comes home, but I will always know that Mom and Dad **love me** so much.

I will love my new little brother or sister. I will play  
with him/her.  
I will always love the new baby and the new baby  
will love me.
